

Hosted Care

**For continuity,
security and
peace of mind**

Our Hosted Care service supports people who wish to remain independent in their own homes, while providing peace of mind to both clients and families alike.

Why choose a Dovida Hosted Care Plan?

Hosted Care is a private home care service that complements hours clients may receive through the HSE Home Support Scheme.

A Hosted Caregiver moves in with a client and delivers HSE hours and a minimum of seven privately funded hours to the client, to a maximum total of 42 hours of care per week.

When the Hosted Caregiver is not delivering home care to the Host Client, they can also provide home care to other clients in the neighbouring community.

Hosted Care helps people to remain at home safely and securely, bringing peace of mind to both clients and their families.

Hosted Care delivers consistency of service, with the same caregiver providing support six days a week.

Hosted Caregivers are fully Garda-vetted, are insured and receive comprehensive training prior to starting work.

Your Life, Your Way

“Dovida has changed what was once a struggle every day for us to having smiling faces with cheerful attitudes and enormous help with our father, bringing some stable routine to our days

- Client family member

With Hosted Care

Benefits of Hosted Care

Recovery

Hosted Care allows you to recover at home after a stay in hospital.

Relationship-based care

Dovida's care philosophy places you at the centre of what we do.

Reassurance

Peace of mind for the whole family.

Flexibility of service

Times that suit you, nobody else.

Someone at home

Company, continuity of care, reassurance and support.

Best possible care

Dovida provides best-in-class training to support our experienced and qualified caregivers.

Complete care management

Benefit from all the support from your local Dovida office.

Home Care

Tax Relief Scheme

Hosted Care provides a comprehensive, six-day care service.

Personalised care plans are created following a free care consultation.

Costs can be reduced by claiming up to 40% tax relief for employing a caregiver.

What should I do next?

Let's start with a conversation.

We offer a free, no-obligation, in-home care consultation with you and your loved ones.

Together we can create a personalised Hosted Care Plan that fits your needs and preferences.
