

Tax relief on home care services

The Home Care Tax Relief Scheme helps to reduce the bills for private home care for the growing numbers of families who need it. It means that you or your loved one can access our quality care services at a lower cost.

How does the home care tax relief scheme work?

You can claim tax relief on the cost of employing a Dovida caregiver, if you employ one for yourself, or for another family member.

While we hold all relevant responsibilities as the employer, you can claim tax relief on the costs of care at your marginal rate of tax (whether 20% or 40%).

If you are registered with Revenue's MyAccount service, you can apply directly through that.

Otherwise, you simply fill out a form called the HK1 Claim for an Allowance for Employing a Carer.

Then you can claim tax relief at the end of the year, or monthly through your pay.

If you are not working or paying tax, you can still receive this cash back through other members of your family, up to a total of €75,000 at their marginal tax rate, as long as they are paying the bill.

What should I do next?

You can find the relevant forms online and bring them into your local Dovidá Office.

We will explain the process to you, and we can also help you to complete the forms or answer any questions you might have.

We can also introduce our private care services to you in greater detail during a **free, no-obligation care consultation.**

“ In approximately 90% of the cases I have dealt with, family members are not aware of any home care tax relief scheme prior to consultation.
